

Tech specs

12V PSU for Hub/Hub Plus/ReX

Power supply unit for the device operation from a low-voltage power source

Compatibility

Hubs: [Hub Hub Plus](#)

Radio signal range extenders: [ReX](#)

Input

Voltage: 8–20 V_{DC}

Current: up to 1 A

Turn-on voltage: 8 V_{DC} ± 2.5%

Turn-off voltage: 6.9–7.5 V_{DC} Depends on the load

Output

Voltage: 4.65 V_{DC} ± 3%

Current: up to 1.5 A

Installation

Installation method into the hub or range extender enclosure by replacing the bundled power supply board

Operating temperature range: from -10°C to +40°C

Operating humidity: up to 75%

Connection to the power supply network

Connector slot: 6.5 × 2 mm Power jack (female)

Connector: 5.5 × 2.1 mm Power jack (male)

Board

Colour: N/A

Dimensions: 138 × 64 × 13 mm

Weight: 30 g

Complete set

12V PSU for Hub/Hub Plus/ReX

Terminal adapter
