Diameter	68 mm
Depth	46 mm
Material	polyamide PA 6
Material properties	halogen-free / self-extinguishing
Additional features	combined
Resistance to heat	960 °C
Flammability class	UL94 V0

PRODUCT DESCRIPTION

PST60 box designed for embedding in polystyrene foam. Installation: Drill a $\varnothing$ 68 mm hole, push the box in, spread inner spacers outside the box. For stable seating, the box can be additionally covered with building acrylic or mounting glue. The box can be combined into frame sets with the KD71 switch. For the function of mounting external elements (cameras, sensors, brackets, etc.) on the box, the PMST60 mounting plate is screwed to the body of the box.
