THE PRODUCT'S BENEFITS

Installation

The Living Now coverplate is equipped with a flexible frame, placed on the back of the plate, free to move on the four corners, ensuring an optimal installation.

Usage

Innovative Design: unique and compact shape that, once completed with the covers, gives the switch an absolute flatness. The coverplate togheter with the commands in the same color is the maximum expression of monolithic elegance and valorization.

Advantages

- These metal proposals go precisely to emphasize the monolithicity and value of the coverplate and controls in the space.
- The zamak coverplate embraces a premium approach, enriching and enhancing the object within the space.
- Floating frame: a flexible frame, placed on the back of the plate, free to move on the four corners, which guarantees an optimal installation by masking the imperfections of the wall or in the case of plasterboard boxes.

USAGE RECOMMENDATIONS

For internal use only.
